## Talent Man Requests Pictures

Hollywood Studio Asks For Portraits of Stars Of "Vagabond King"

Marcus Bourke, Lewistown, "Vagabond King" business manager, yesterday received a letter from Milton Lewis, head of the talent department for Paramount Studios, Hollywood, stating that Paramount would be interested in seeing pictures of Helen Faulkner and Earl Dahlstrom, Missoula, who are playing the leading roles in "The Vagabond King."

Bourke is sending pictures of the two immediately, and said that there is a strong possibility that talent scouts from Paramount and perhaps from other movie studios may attend one of the performances of the operetta.

Students who have made reservations for any performance must call for their tickets today or they will be resold.

## Anthropologist Has Book Published

Dr. Harry Turney-High Writes About Kutenai Indians

Dr. Harry H. Turney-High, professor of anthropology, is the author of a 202-page book, "Ethnography of the Kutenai," which was just published by the American Anthropological association. The publication, a study of the Kutenai Indians in northwestern Montana, northern Idaho and in the interior of British Columbia, is the second work of Dr. Turney-High's which has been accepted and published by the association.

PROF. H. H. TURNEY-HIGH

"The Flathead Indians of Montana," which was dedicated to Dr. N. J. Lennes, professor of mathematics, was published in 1937. The two works of Dr. Turney-High's will be bound together and placed on the Authors' shelf in the library, said Dr. Lennes.

All phases of Kutenai life are revealed in "Ethnography of the Kutenai." Indian games, dances, songs, religion, ceremonies, knowledge and housing are described. Detail descriptions of "The Crazy Dog Society," "Grizzly Bear Dance," "The Sweat Bath" and the "Fir Tree Ceremony" are given. Scores of the music for Indian songs are included in the book, along with the rhythm symbols for the drum beats.

Ralph Linton of Columbia university is editor of the association.

By ROG PETERSON

**ATHENS.**—After Nazi infantry was hurled back yesterday, the Germans are pumping the thunder of heavy artillery into stubborn British-Greek positions in Thermopylae pass. Although the fall of Athens was described as "inevitable" yesterday, Germans are still moving methodically 35 miles northeast. Nazi airforce is overreaching ground movements in attempt to cripple communications and clog shipping. A Greek spokesman said the Germans bomb continually every daylight hour.

**BERLIN.**—Informed quarters said Athens would be taken only after it was certain the city could be taken intact—without destruction—as in the case of Paris.

**WASHINGTON.**—In speeches last night, Hull and Knox asked for more immediate assistance to Britain. Declaring it is "our" fight, they insisted on "resistance wherever resistance will be most effective," and that we can not let our goods be sunk in the Atlantic.

## Music Profs Face Busy Week-end

Weisberg, Wendt Plan Libby Recital; Crowder To Judge Meet

Several faculty members of the music school will leave this week-end to participate in various music meets and recitals throughout the state, John Crowder, dean of the music school, said yesterday.

A. H. Weisberg, professor of music and director of orchestra, and Rudolph Wendt, instructor in piano, will present a joint recital in Libby Saturday. This will be the third of the series featuring music faculty talent which was inaugurated by Wendt and Clarence Bell, director of band, last January. Crowder and John Lester, assistant professor of music, presented the second program in March.

Crowder will leave this afternoon for Dillon, where he will judge the young artist entries of the Federated Music clubs of Montana and Idaho. The winner of this district contest will win \$1,000 and an audition with a national orchestra.

## Theta Sigs Make Matrix Table Plans

Naomi Lane Babson To Arrive Wednesday From Bozeman

Active and alumnae members of Theta Sigma Phi, women's national journalism honorary, met last night to discuss final arrangements for Matrix honor table April 30, according to Mary Pat Clark, Jordan, president. Naomi Lane Babson, guest speaker, will arrive in Missoula Wednesday afternoon, accompanied by her husband, who is a member of the English faculty at Montana State college.

Miss Babson, native New Englander, has spent several years in China and her best-known novel, "All the Tomorrows," is set in that land. A book reviewer in the Literary Parade, in a Houston, Texas, daily, says, "The book builds up slowly and beautifully through 80 years of Chinese family life to a moment when Jade, daughter of luxury, who has thrown in her life with the Communist-Nationalist cause, lays down the body of the little daughter who had died because the Japanese bombers sought her mother's life, and walks away to go on with her work."

"If you can read, unmoved, the build-up and the four pages that follow, then you ought to be writing the cool analytical review that this isn't."

First and second doses of tick vaccine will be given today at the health office.

Two men in two black echoing caverns heard two tearing whops and two jarring thuds. "Blimy!" "Gott!"

Two men out at daybreak gazing tearfully at two ruined homes. A meowing cat and a whining deutchhund. Baby Karl amid the ruins and little Leslie blinded.

# The GRIZZLY PARADE

• By BILL SWARTZ

I sometimes wonder if anyone not acquainted with track realizes how hard a track man works at his sport. The occasion for this statement came as I watched Harry Adams' cinder burners and field men working out the other day. Of course all of the men out there in sweat clothes are not working too hard, but quite a number of them take their track work seriously. They get results. The general public sees the results of long hours of practice for form, speed and endurance, but not the effort put forth in attaining said form.

Track is more of an individualist's game than any other sport. Once Ole Ueland starts out on that long jaunt, there is no one in the world who can help Ole but himself. Clawson has to put that discus out there by his own efforts, and Yovetich's legs depend upon whether he puts himself over the hurdles as he must. I saw a hurdler once who caught his spikes in the top of a low hurdle and skidded eight feet on his thigh in sharp cinders. Not a pretty sight at all!

Harry Adams in practice sessions sits on the top rail with two watches in his hands timing his runners, telling them to step it up now and then. He yells "heads-up" when a javelin or a discus sometimes goes wild and watches his men, criticizing their form and showing them, sometimes telling them, how it is done.

Have you ever watched a quarter-miler, or a distance man, come to the tape with his legs feeling like lead, with his mouth full of cotton, his throat and lungs burning, sometimes as near dead as he ever will be without actually dying? If not, then look them over as they come into the stretch with nothing but will-power and hormones keeping them on their feet. You'll see that it takes guts, the type that Greg Rice exemplifies, to stay in there and win. Hats off to all track men, and to Adams and his crew.

## PDT Pounds SAE to Start Softball Play

Phi Delta Theta, sparked by the one-hit pitching of Barney Ryan and the homerun hitting of Will DeGroot, routed Sigma Alpha Epsilon yesterday, 27-0, to begin play in the Intramural Softball league.

SAE never had a chance with Ryan on the mound; his weird whip baffled all but one of the batsmen who faced him. Phi Delt's pounded Crutcher, SAE pitcher, at will, counting four tallies in the first, five in the third, nine in the fourth and nine more in the fifth.

DeGroot hit three circuit clouts, Jones two, Nugent two and Ryan one. Peek, SAE first baseman, got the only SAE hit, a triple, but was thrown out trying to stretch it into a four-base blow.

Editorial and business staff of Sluice Box will meet at 4 o'clock today in Journalism 203.

## Cubs Squash Dr. Norton's Lightning Bugs

As a grand finale to the basketball season, the Cubs defeated Dr. Clark F. Norton's Lightning Bugs 100 to 94 in a wild battle yesterday.

Led by lanky Duncan McDonald, who scored 64 points, the Cubs forged into a lead which was never challenged until the last five minutes of play, when the Lightning Bugs knotted the score at 88-88. Despite the brilliant defensive play of Norton, Mudd, Gustafson, Swarthout and Donaldson, the Lightning Bugs were unable to stop Burgess, Giesy and Williamson, who slipped in for setup in the last seconds.

## DeGroot Blanks Junior Club Team

Will DeGroot pitched his Phi Delt teammates to a 9-0 win over Missoula Active Club Juniors in an exhibition baseball game last night at Campbell field. The game was called at the end of the fourth inning on account of darkness.

The Activians kept the Phi Delt scoreless for two innings, but the fraternity men unleashed a hitting attack in the third which netted them six runs. Fleming, DeGroot, Beitia and Donovan led the scoring spree.

MSU adopted the freshman dormitory plan in 1923.
